## ***FOREWORD***

Now that Hans M. F. Schulman Gallery Inc. became a public company under the new name Schulman Coin and Mint, Inc. and stock can be bought in the over-the-counter market, it is important for our many friends and collectors to be informed that we intend to increase and extend our auction coverage.

Beginning with this sale the new Schulman Coin & Mint commences an outstanding series of auctions offering coins not found in the regular market. This "Deutschland Consignment" contains almost exclusively rare and valuable talers, multiples and medals purchased in the forties and fifties when such coins were easy to obtain.

The catalogers have done their best to be conservative in the grading. The new Schulman Coin & Mint grading will be more conservative and will be particularly attentive to that.

Values for single talers are figured at the present retail but values for the multiples and medals are somewhat higher. There is a reason—multiple talers and medals are not reaching the prices they should, they are "underselling" greatly. Our estimates as always reflects what a coin should sell for.

Remember — there are NO LIMITS, NO RESERVES on coins in this sale. A \$2,000 coin *can* sell for \$500. We purchase for you AS REASONABLE AS POSSIBLE and not more than 10% over the highest mail bidder received before.

**FEEL FREE** to bid generously.

Foreign buyers please note that there is no standard rule or regulation that we must start with a certain % under estimates. We start where the bids are — this is a real unrestricted sale.

*P.S.—Foreign buyers please read this foreword attentively.*

**TERMS OF SALE**

1. Auction sales ARE NOT approval sales. Read these terms carefully. By submitting bids you agree to the terms set forth below. All coins have been classified by experts and while errors will be gladly corrected NO LOT MAY BE RETURNED WITHOUT WRITTEN PERMISSION. Request to return coins MUST BE MADE WITHIN THREE DAYS OF RECEIPT OF COINS.
2. All bids are to be by LOT as numbered in the catalogue. When identical bids are received, preference is given to earliest bidder.
3. This is a UNRESTRICTED PUBLIC AUCTION. All bids are entered as received and the highest bidder will be the buyer. Mail bidders may feel free to submit any bid they wish and each lot will be purchased for such bidders at the next highest bid over room bidders.
4. Bidders must establish credit or have on deposit 25% of TOTAL bids.
5. All ACCOUNTS MUST BE SETTLED PROMPTLY IN U.S. FUNDS, or in other currencies if special arrangements have been made.
6. Lots delivered in New York City are subject to 6% Sales Tax. Mail buyers in New York State pay 3% Sales Tax.
7. There will be no charge for executing bids but postage and insurance will be added, and a handling charge for large, bulky or heavy lots.
8. Where estimates are given they represent either the owner's idea of value or our professional opinion as to what they should bring. IN ANY EVENT THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend however, if you want the lot, bid close to or over estimate.
9. All lots and coins are guaranteed to be genuine and as described by Hans Schulman and Herman Steinberg. Photographs are of the actual specimens put up for sale.
10. The buyer who acts as agent for third parties is the only person responsible for his purchases towards the auction house. Third parties refusing to accept coins from the agent are entirely the responsibility of the agent. The auctioneers cannot accept returns from agents because of third parties for any reason whatsoever unless coins were bought with specific special arrangements between the agent and the auctioneers.
11. Lots purchased by floor buyers cannot be returned. Mail bidders cannot return coins unless request is made within 3 days of receipt of merchandise and a valid reason for return must be given.
12. Minors' bids are not accepted.

### CZECHOSLOVAKIA

We wish to call to your particular attention the following series of 10 and 5 Ducat pieces. In their size and in the limited number of coins struck each year, we feel that in comparison to other gold pieces in the same denominations and struck in much larger quantities i. e. Switzerland 100.-Fr. 1925 (5,000), Liechtenstein 100.-Fr. 1952 (4,000) these coins are "sleepers". They do not often appear at auctions and it is with great pleasure that we see them included in this European consignment.
